

Find My Number

I am thinking of a whole number, use the clues to find my number.

7 is not a factor of the number	The sum of its digit is not 7
The number is bigger than 100	The number is odd
The number is prime	You are looking for a number less than 500
The difference between the largest and the smallest digits is two	The number is less than twenty squared
The number is a palindrome	The second and third digits are different

You should have found two numbers which fit all the clues, write another clue to identify one of the numbers

Learning and Teaching Objectives

- Identify the given facts and prioritise them
- Choose and use a recording system to organise the given information
- Check the answer meets all the criteria

Find My Number Solution

The two numbers which match all the clues are:

131 and 353
