

Freddie's Fruits

Freddie's Fruits

Freddie went the supermarket to buy three different types of fruit.

He bought a different weight of each fruit.

<p>The watermelon and the bananas weighed 13kg altogether</p>	<p>The pumpkin and the watermelon weighed 6kg altogether</p>	<p>The bananas and the pumpkin weighed 9kg altogether</p>
---	--	---

How much does each fruit weigh?

Learning and Teaching Objectives

- Identify the given facts and prioritise them
- Use one piece of information at a time and see what effect it has
- Choose and use a recording system to organise the given information
- Check the answer meets all the criteria

Freddie's Fruits Solution

Watermelon	1	2	3	4	5
Pumpkin	5	4	3	2	1
Bananas	4	5	6	7	8

Last column satisfies all criteria
