

## Tug-of-War Teams

Eight children wanted to make two teams for a tug-of-war competition.

They split into two teams of four children, each team ended up with the same total age of 18, who was on which team?

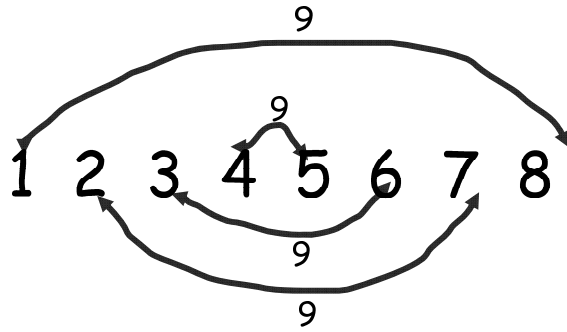

Find three different ways to do it

### Learning and Teaching Objectives

- Identify the given facts and prioritise them
- Look for any relationships and patterns in the information given
- Choose and use a recording system to organise the given information
- Check the answer meets all the criteria

# Tug of War Teams Solution

Possible teams:

1, 8, 2, 7      v      3, 6, 4, 5

1, 8, 3, 6      v      2, 7, 4, 5

1, 8, 4, 5      v      2, 7, 3, 6
