

## Zero to Ten

Think about  
the numbers  
0 to 10

Some of  
them can be  
drawn  
without  
taking your  
pencil off the  
paper.

Find out  
which  
numbers  
cannot be  
drawn  
without  
taking your  
pencil off the  
paper.

0  
1  
2  
3  
4  
5  
6  
7  
8  
9  
10

Think about  
the numbers  
0 to 10 made  
out of wood

Imagine  
turning each  
number over

Which will  
look the  
same?

Which will  
look  
different?

Try the same  
ideas with the  
letters of your  
name

### Learning and Teaching Objectives

- Use drawings or resources to help visualise the problem
- Choose and use an appropriate recording system
- Recognise numerals 1 to 9
