

The Community College Whitstable

James Brewster, A year 11 student from The Community College Whitstable, he has produced and taught a KS2 RE pack all about The Church.

James is a gifted and talented student in both RE and ICT, two subjects he enjoys. James has worked with Rev. Tillotson Vicar of All Saints Church and Mrs C Gadd, Head of RE at CCW to produce this pack.

James has researched the KS2 Curriculum for RE and followed the guidance given. He has also included 3 learning styles so the children achieve their full potential; Auditory, kinaesthetic and visual.

The pack includes an informative power point presentation, self assessments, key words, several worksheets and activities as well as flash cards and interactive resources.

James has been to his old primary school Swalecliffe C.P School and taught the lesson he created to the year 5 students. This went very well and James got positive feedback both from teachers and children.

In January 2009 James arranged all year 5 students that he taught from Swalecliffe to go to All Saints Church. This was a very fun morning with lots of activities and the children learnt lots. They also had great opportunities like ringing the church bells!!

James hopes to go to other local primary schools during this year.

This has been a great opportunity and I have really enjoyed working with my old school and teaching the children. I hope to go into teaching once I leave school.

You can order a free copy of my pack:

By emailing me at: 04brewsterj@internal.ccw.kent.sch.uk OR Phone my school and leave your details: 01227 272362
