

Kent CPD Online

Developing the children's workforce

Course Listing Summer 2010

Training offers for schools involving Leadership, Teaching and Learning (Early Years, Primary and Secondary phases), Client Services and Education Finance

Kent CPD Online

What is Kent CPD Online?

Kent CPD Online is a new solution to support the Continuing Professional Development (CPD) and training of the children's workforce. It is an online searchable directory and booking system for professional development and training opportunities. It is being developed to ensure Kent has a highly skilled and professional children's workforce, including multi-agency partners, able to support the achievement and development of all children and young people in Kent, particularly the most vulnerable in our society.

The site will support the provision of a co-ordinated CPD programme which will meet the needs of the children's services workforce including those working in Schools, Early Years, Multi Agency, Governors, Social Care, Health, Voluntary and Youth & Community sector.

Kent CPD Online will help to streamline and improve communication so that staff and organisations are able to identify appropriate development opportunities. It will provide a single point of access for all the professional development and training opportunities offered by Children, Families and Education (CFE). The site will be developed to include a dedicated link to training opportunities for each workforce.

The first link (portal) going live in April will be for all school based staff. Followed by, the development of dedicated portals for staff from other areas of the children's workforce. Timelines will be published shortly.

How do I create a user account?

All CPD leaders in schools across Kent will have already been allocated a user name and password to log in to Kent CPD Online. All other school staff can create their own accounts to take advantage of what Kent CPD Online has to offer:

- Visit www.kenttrustweb.org.uk/cpdonline
- Click on 'New User' underneath the log on box

How will I benefit from using it?

As well as a course finder and booking tools, users will be able to access all course information and pre-course materials and be directed to similar training and development opportunities that may be of interest.

All users may have a private area of the site (user account) in which their training is recorded and tracked. This includes access to future and past course information along with any related documents.

Kent CPD Online

Do I need to have an account to search for courses?

No, but you will need to have an account to apply to attend a course.

Who do I contact if I have any queries?

If you have any queries or require help accessing Kent CPD Online, please contact the support team by emailing KentCPDOnline@kent.gov.uk. If your enquiry is urgent, please telephone Geraldine Clark on 01622 203812.

What is this listing brochure for?

This brochure is designed to give schools an overview of the courses that are on offer. However, it is only correct at the time of printing as courses are added and updated all the time.

To view a more up to date directory of courses, visit www.kenttrustweb.org.uk/cpdonline.

How do I use this listing brochure?

This brochure only displays limited information and so to find out more about a particular course and to apply to attend a course, visit www.kenttrustweb.org.uk/cpdonline.
