

Dear colleague,

Kent Health Watch is a new service that has been set up by Kent County Council in partnership with the NHS in Kent to help local residents get through to the right people as rapidly as possible when they want to express their views about health and social care in the county.

A dedicated Kent Health Watch phone line and service will be launched on Friday 10 October.

We are keen that the people of Kent know about this new service and would be most grateful if you would help to spread the news about it.

I have pleasure in enclosing a briefing note about the service. If you'd like to receive posters or leaflets about Kent Health Watch to distribute and display, then please contact the KCC publications team on 01622 694243.

Many thanks

Peter Gilroy  
Chief Executive  
Kent County Council
