

SELF-EVALUATION FORM FOR PRIMARY SCHOOLS (WITH AND WITHOUT NURSERY PROVISION)

Name of school:

Unique Reference Number (URN):

Not Submitted

Part A: self-evaluation

INTRODUCTION

This self-evaluation form (SEF) is primarily designed to:

- assist you in your own self-evaluation, and
- be used as the basis of the inspection of your school or setting.

The form is in three parts:

Part A SELF-EVALUATION

Part B FACTUAL INFORMATION ABOUT YOUR SCHOOL

Part C INFORMATION ABOUT COMPLIANCE WITH STATUTORY REQUIREMENTS

WELCOME TO YOUR SELF-EVALUATION FORM

GUIDANCE ON COMPLETION

When to complete the form

- The SEF is a summative document, intended to record the outcomes of your ongoing process of rigorous self-evaluation.
- There is no fixed time in the year when it should be completed. It is usually best done to fit in with your normal cycle of review and planning. It is recommended that schools update their SEF at least annually.
- Part B contains statistical and other factual information. Some of this is pre-populated by Ofsted, as and when the information becomes available. You are advised to ensure that the factual information is up to date.

Purpose of the form

- The SEF is intended to record the outcomes of your self-evaluation. As such, it should be an accurate diagnostic document with all conclusions fully supported by the evidence. Keep Part A short and to the point. It should indicate key strengths and weaknesses and what needs to be tackled to effect improvement. Through the SEF, the school will want to point to evidence that substantiates its own judgements about the quality of its work. Inspectors will make considerable use of the SEF when discussing their arrangements for inspection. The impact of your self-evaluation in helping to bring about improvement will be a major factor in their judgements about the effectiveness of your leadership and management and your capacity to improve in the future.

How to fill the form in

- It is helpful if you check the factual information and complete Part B first and then Part C; the information can then be drawn upon to help complete Part A.
- Part A, the evaluative section, is laid out in sections that correspond to the headings of the evaluation schedule in the framework for the inspection of schools, although overall effectiveness is placed last in the SEF. Please complete the sections dealing with achievement and standards, and personal development and well-being first, since these outcomes will form the basis for your judgements in other sections.
- Reference is made in Part A to the *Guidance for Inspectors of Schools*. This guidance is in two parts. Conducting the inspection: guidance for inspectors of schools indicates how aspects of the school might be explored by inspectors, and Using the evaluation schedule: guidance for inspectors of schools contains advice on how to pitch judgements about the quality of provision and its outcomes.
- In addition, you can refer to the guidance on self-evaluation published by Ofsted and the Department for Education and Skills in March 2005 and June 2006*. These documents each contain a section giving detailed advice on completing some sections of the form. These documents are available on Ofsted's website.
- Each section of the SEF asks you to grade aspects of your work on a four-point scale, as follows:

Grade 1: Outstanding

Grade 2: Good

Grade 3: Satisfactory

Grade 4: Inadequate

- It is most important that you complete this form rigorously and objectively. The grade descriptions in in Using the evaluation schedule: guidance for inspectors of schools will assist you in reaching accurate judgements.
- When completing the text boxes in Part A you should summarise your main findings and illustrate these with the evidence which led to the judgements you have made. Bear in mind any prompts included with the main questions. It is not intended that you should provide large amounts of statistical data and descriptive detail. You should use evidence selectively to support the main judgements about your performance.
- If you have a special needs resource base, extended provision or other specific provision, please ensure that evidence about it is provided at suitable points within the SEF.
- Each section of the form has a 'Help' button which you can use to help you fill in particular sections.
- Please complete this form electronically via the Ofsted website.

The term 'school' is used to cover all providers, including those that term themselves 'colleges' or use a similar designation. It also covers those providers that are not technically schools, such as children's centres and pupil referral units.

What do the views of learners, parents/carers and other stakeholders, including your hard to reach groups, for example young carers, tell you about:

- the learners' standards
- personal development and well-being,
- the quality of your provision, (curriculum; teaching and learning; and care, guidance and support)
- parents'/carers' views of the transition arrangements for pupils joining the school

Please enter text here

3. Achievement and standards

How well do learners achieve?

To help you focus your comment and judgements in completing this section, please consult the relevant pages in the Guidance for Inspectors of Schools.

In answering the following questions, please make clear the main evidence, such as performance data, assessments and records of learners' progress, on which your evaluation is based (but please use data selectively, avoiding the copying out of tables of descriptive information). If the school's own interpretation of standards and achievement is not reflected in published data, then this needs to be carefully explained.

3a

How well do learners achieve, and how high are their standards? For example:

- test, assessment and examination results; whether learners reach challenging targets
- the standards of learners' current work (noting any significant differences between past results and current work)
- learners' progress including comparisons with the progress of similar pupils in other schools. Note any significant differences in the progress of groups of learners, including any groups that are achieving particularly well or are underachieving (for example, pupils with learning difficulties and disabilities, looked after children, particular minority ethnic groups, including Gypsy, Roma and Traveller learners, those who join the school other than at the normal date of admission, and those who are socially or economically disadvantaged) and the extent of the school's success in closing any gaps in attainment
- the extent to which information and communication technology (ICT) capability and other key skills enable learners to improve the quality of their work and make progress
