*Dear Kent Primary School Children's
Council Member*

I am pleased to hear that the Kent Primary Schools Children Council is holding its second meeting on 24 November 2009.

The Department for Children, Schools and Families takes the views of children very seriously and regularly seeks the views of children and young people when it is developing its policies. I am therefore pleased that you will have the opportunity to participate and offer your opinions on issues that matters to you locally.

On 20 November, the Government celebrated the 20th anniversary of the United Nations Convention of the Rights Child (UNCRC). I am delighted to hear that a representative from the UN Youth Team will be talking to you about the UNCRC.

As minister responsible for children's rights, I am very aware of the value of giving children a say and the importance of children's views in shaping services for children and young people in their local communities.

I would like to congratulate you for giving up your time to be involved in this event.

*Yours
Delyth Morgan*
