

Opens brushes and paints window

Within this window you can select what **type**, **shape** and **size** of brush to use.

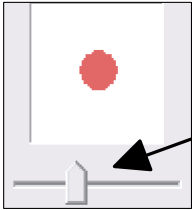

Brush Type

Brush Shape

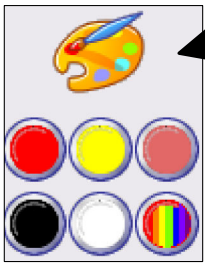

Brush Size

Click and drag the scroll bar to adjust the size of the brush

Paint Colours

'Paint' window

Six ready to use paint pots

Clicking on the colour palette will open the 'Mixing' window

These six paint pots are the same as the ones on the main 'Paint' window (The six ready to use paint pots)

Mixing Window

Click on the paint pot, in the 'Mixing' window, containing the colour you want to be able to access from the main 'Paint' window. Then holding down the left hand mouse, drag and drop it into one of the six paint pots located on the left hand side of the 'Mixing' window. The corresponding pot contained within the main 'Paint' window will now contain the new colour.

(See Mixing Window how to sheet for more options)
